Parental Survey

9th February 2026

Dear Parents / Carers,

Thank you for taking the time to complete the parental survey. Overall, it was extremely positive, so thank you for your support of school and all that we're aiming to provide and achieve for your children.

The surveys are anonymous, which is great. However, being anonymous does pose some issues when we're trying to understand issues or support parents who aren't as happy with school as we or they would like. Below are some areas which I (school staff) would like to explore further:

- Does your child (or children) have identified Special Educational Needs (SEND register)?
 - Yes but they don't receive the support that they need.

If this was your response and you'd like to discuss your concerns with the class teacher / SENDCo (Miss Wilde) then please contact school to arrange a meeting with them.

- Has your child(children) ever been bullied at school?
 - Yes but school is not aware of it.

If this was your response, and you'd like to discuss this, then please contact your child's class teacher or complete and submit the bullying report form which can be found on the school website.

- The school communicates well with me about the things I need to know

If you responded with disagree or strongly disagree, please contact school to let us know what information you aren't receiving which you'd like. The termly class newsletters are an action school has taken in response to this question previously.

Once again, thank you to everyone who took the time to complete the survey. Where there are areas to improve, we will look to better understand these concerns and implement changes where we can.

Kind Regards

Mr McDermott

Headteacher (NPQEL)
